

## **PRESS RELEASE from American Dental Supply, Inc. Allentown, PA.**

February 18, 2009

**American Dental Supply, Inc.** of Allentown, Pennsylvania today announced the completion of its acquisition of **Leach & Dillon Products** from Dillon Company, Inc. of Cranston, Rhode Island. The transaction was finalized on Monday, October 27, 2008.

The acquisition brings together some of the dental lab industry's strongest brands and the finest specialty chemicals and ceramics. Founded in 1989, Leach & Dillon Products is a progressive manufacturer and distributor of innovative products for the dental laboratory. The company focuses on cosmetic aspects of dentistry such as Cerpress SL, Sensation SL, Silhouette porcelains, and the Enigma Cosmetic Removable Appliance, considered the most beautiful denture teeth on the market, providing patients with a cosmetic alternative for their dentures. Leach & Dillon Products also brings a variety of patented products such as Diamon-all cutting instruments, Creare ringless casting system and Cerpress SL pressing rings.

The acquisition of Leach & Dillon Products is intended to further strengthen American Dental Supply's leading position in the area of dental lab materials manufacturing.

The company has begun to execute the planned integration of Leach & Dillon Products into American Dental Supply, Inc. operations, networks, and customer care organizations to ensure a smooth transition and immediate value to customers and partners. Leach & Dillon Products will continue to be distributed through dealer networks.

American Dental Supply, Inc. is a privately held company located in Allentown, Pennsylvania founded in 1977 by Ricky & Les Hochhauser. Management of the combined companies includes executives from both organizations. Ricky Hochhauser continues as president and chief executive officer. Les Hochhauser continues as executive vice president of product research and development. Aron Hochhauser remains executive vice president and chief financial officer. Kevin Dillon, Jr. has joined American Dental Supply as client account manager. Don Dillon has also joined American Dental Supply as interim production advisor.

American Dental Supply, Inc. provides dental labs around the world with the finest specialty chemicals and ceramics and has continued to evolve into one of the industry's leading manufacturers. Best known for its chemical expertise and its dedication to quality, American Dental Supply, Inc. develops the highest quality products with the highest performance providing dental labs with the most effective, economical and safest materials available.
